Reading Harry Potter.

Vocab List

wizard (n.) — A person with magic powers.

cruel (adj.) — Very unkind.

rushed (adj.) — Done too fast.

plot (n.) — The main story in a book or movie.

return (v.) — To come back.

ending (n.) — The last part of a story.

series (n.) — A set of books, films, or shows with the same story.

adventure (n.) — An exciting and sometimes dangerous experience.

READING

Harry Potter and the Philosopher's Stone: A Book Review

Harry Potter and the Philosopher's Stone came out in 1997, almost thirty years ago. The story is about a young boy who learns he is a wizard. He lives with his cruel aunt and uncle, but everything changes on his eleventh birthday. Harry goes to a magic school called Hogwarts and makes two best friends, Ron and Hermione. Together, they try to stop a bad wizard from returning.

Many readers love this book. The characters are interesting, and the magic world feels real and exciting. The story is easy to follow, and there are many funny moments. However, some readers think the writing is simple and the story is slow at the start. Harry is also very lucky, and some readers do not like this. The ending is exciting but a little rushed.

The book started a huge series. There are eight popular movies, many video games, and a new TV series is coming soon. These have made the story famous all over the world.

For English learners, this book is best for B2 level. The plot is not difficult, but there are long descriptions and made-up magic words like "Quidditch." A2 and B1 learners will find it too hard without help. Overall, Harry Potter and the Philosopher's Stone is a fun book with a few small problems. It's great for readers who love magic and adventure.

UNDERSTANDING

1. True or False

1. Harry learns he is a wizard when he is eleven. TRUE FALSE

2. Harry and his friends work together to stop a bad wizard from returning. TRUE FALSE

3. Some readers think the story is slow at the beginning. TRUE FALSE
